

VENTURA COLLEGE FOUNDATION

Scholarship Requirements

Congratulations again on being selected for a scholarship through the Ventura College Foundation!

As a quick refresher, some of our scholarships are subject to special requirements in order to be disbursed to the scholarship recipient. Additionally, some scholarships are disbursed over a different schedule/time frame than others. This information is detailed below.

Please note that **ALL scholarships require students to enroll at an educational institution*** and submit proof of said enrollment (details in your award email) to the Ventura College Foundation in order to have their scholarship funding disbursed.

An **educational institution is defined as any institution that provides an educational program acceptable for full credit toward a degree, or offers a training program to prepare students for gainful employment in a recognized occupation and is authorized under federal or state law to provide such a program and is accredited by a national recognized accreditation agency.*

Please identify your scholarship type(s) and then, locate the type(s) below and read the details carefully. Some scholarships are subject to multiple types.
